When spring is late September
I want you to remember roses and dawn
When nights are getting colder
And we are growing older we'll just go on
I'll be so good to you
The one to tell your troubles to
Now and forever dear
No more sorrow
no more fear.

Light up my eyes
Just call my name and I'll be right by your side
You're no to blame and there is nothing to hide
Just you and me for all the world to see
Call my name and I'll be right by your side
You're not to blame and there is nothing to hide
Please call me
just you and me for all the world to see
When you feel lost and lonely
And you are feeling sorry all by yourself
You want fo cry out baby
you need some lovin' maybe I'll be around

I'll be so good to you

Light up my eyes

...

Call my name and I'll be right by your side

...

Light up my eyes . . .

Call my name and I'll be right by your side
