The darkest abyss
is waiting for the ones we miss
when it sure seems
that destiny is not our dreams

and when you dump the lost goals
the lost souls
will haunt you forever

so you sit and cry
you sit and cry to yourself
you sit and cry

you and i were born to die

it's wonderful, it's wonderful
pain is half the joy of life
it's wonderful, it's wonderful

beat your head against the wall
until the red appears
it's alright, yeah
we all do it

are you what i want?
are you what i want?
am i what you want?

you and i were born to die
it's wonderful, it's wonderful
pain is half the joy of life
it's wonderful, it's wonderful

hope's a waterfall
of gasoline
only takes one match
to wash us clean

maybe this is right this time
maybe she's for me
maybe she could love me
or is that too many maybes?

come out, come out wherever you are
come out, come out wherever you are
come out, come out wherever you are

you and i were born to die
it's wonderful, it's wonderful
pain is half the joy of life
it's wonderful, it's wonderful
we all search for all our lives
it's wonderful, it's wonderful

for the chance
to rely
on a faith

to survive

for the chance
to rely
on a faith
to survive

it's wonderful
