You're the phantom of my opera
You're my Donnie Darko Frank
You're my blood bank
When I bleed, you are my Dracula
When the moon is full
And midnight brings you down
Under the ground
Under the ground

I should have known they'd never keep you down
I should have known they'd never keep you down

You were too light to bury
We prayed tears at the cemetery
You were too light to bury
We prayed tears at the cemetery

And like Father Karras
I go out the window
When it's midnight
And you're nowhere to be found
Under the ground
Under the ground

I should have known they'd never keep you down
I should have known they'd never keep you down

You were too light to bury
We prayed tears at the cemetery
You were too light to bury
We prayed tears at the cemetery

Under the ground
Under the ground

I should have known they'd never keep you down
I should have known they'd never keep you down

You were too light to bury
We prayed tears at the cemetery
You were too light to bury
We prayed tears at the cemetery

You were too light to bury
All those tears at the cemetery
You were too light to bury
All the tears

All those tears
Ghosts dry
All those tears
Ghosts
