Every day that we
March off to service
Better stand tall, listen up
They don't deserve us

All the mistakes that were made
Were left behind us
All the brilliance led astray
There to remind us

That three people care
And only three
Me, myself and I

You can put a band-aid on a bullet wound
But good luck
You can kiss an unprotected stranger
But don't fuck

If you have a dream that you believe in
Don't back down
Cause justice in this world
Is very hard to track down

And three people care
And only three
That's me, myself and I

Where's trust?
Where did it go?
Pick up the phone
To a dead line alone
And a dead loneliness
Thumping on in your head

All three people dead
Who once cared
Reminisce
On the sweet days of three
Now it's just you and me
Kiddo

Just you and me

All the seven wonders of the world
Bow down to number eight
We kneel, and pray
And still, our God
He won't change our fate

And three people care
And only three
Me, myself and I

Where's trust?
Where did it go?

Pick up the phone
To a dead line alone
And a dead loneliness
Thumping on in your head

All three people dead
Who once cared
Reminisce
On the sweet days of three
Now it's just you and me
Kiddo

Just you and me
And don't forget I
With me and myself
Til all three of us
Die
