Every month is february
cold and dark and mean
every time i glance over
my clock says 2:14

and i wonder where you are tonight
i wonder if you drew a heart for me

4 things i need:
construction paper
and a red crayon
red wine
and a bed to always lay on

no, make that 5
i need to know if you're alive

everybody wants to be kissable
but a true heart is what's missable
one you can rely on
and i'm one you can rely on

everybody wants to be kissable
but a true heart is what's missable
one you can rely on
and i'm one you can rely on, baby

when i think you don't think of me
all my hope diminishes
so i start another valentine for you
come and help me finish it

i never want to start or end the day
but i'm ok
really, i'm ok
(he's not ok)
(he's not ok)

add another to the shrine
of unfinished valentines

everybody wants to be kissable

but a true heart is what's missable
one you can rely on
and i'm one you can rely on, baby

everybody wants to be kissable
but a true heart is what's missable
one you can rely on
and i'm one you can rely on

right now you don't find me kissable
but this old heart's a whole lot missable
you'll come back when you find
our hearts are intertwined
until then, valentine
until then, valentine
until then
