

## Chancellorpink "Valentine Parade"

Visit "[Valentine Parade](#)" on MotoLyrics.com

I watch the valentine parade  
roses and hearts and lemonade  
couple and couple, hand in hand  
requesting love songs from the band  
they all get up to dance  
iÂ'd love to join them if i only had the chance

old man is staring at the moon  
his life has come and gone too soon  
in boxes on the attic floor  
love letters sent before the war  
at least somebody cared, however long ago  
thereÂ's no nostalgia when thereÂ's no past to know

iÂ'm still young  
but it still passed me by  
iÂ'm still young  
and it still passed me by  
the valentine parade
