Hold tight

[CHORUS]

Hold tight if you wanna  
Make this feeling stay  
Hold tight  
Hold tight, don't let  
This moment fade away  
Hold tight, now it's here  
It's gonna stay

Everybody gets  
The chance some day  
All at once, at last  
You think you've got it made

Not a word that anyone can say  
That can change the way you feel  
Cause you know that love is real

You can choose  
But then you fall in love  
Anybody, any moment, any way

Cause no matter who you choose  
There's a chance that you might lose  
Gonna try and that's the best  
That I can do

[Repeat CHORUS 2x]

You can do just anything you want  
You can help yourself to  
Anything that's mine

Take it easy  
When there's no one else  
You got to get it right this time  
Gonna try to make love shine

Everybody gets  
The chance some day

You just take it when  
The moment comes along

There is nothing you can say  
There's nothing you can do  
When you find the eyes of love  
Are set on you

[Repeat CHORUS]

Now's the moment of a lifetime  
And it's here for you  
Come on, babe, it's time to  
Make a place now, everybody  
Got to let us through

Got a dream to catch tonight  
It might come true  
Hold tight

[Repeat CHORUS]
