I will admit, I tend to be a little selfish
But only when it comes to
Something that I couldn't miss

The hardest part is trying
To know what I really want
(Woah, oh, oh, oh, woah, oh, oh)
So I'll apologize ahead
For dragging you along
(Woah, oh, oh, oh, woah, oh, oh)

Hey, there's just no better way
When there's nothing left to say
That you take back all the mistakes
I guess I finally found myself today

I know the feeling to be
Caught up in the motion
I often wonder if it's
Instinct or addiction

I'm slowly learning how to fake
I even have a clue
(Woah, oh, oh, oh, woah, oh, oh)
Because I'm supposed to be
The very best at what I do
(Woah, oh, oh, oh, woah, oh, oh)

Hey, there's just no better way
When there's nothing left to say
That you take back all the mistakes
I guess I finally found myself today

I always feel that the cloud around me
Is so free beneath my feet
And I must fall through
But I think I'm might meant to
If that's what it would take
For me to see

Hey, there's just no better way

When there's nothing left to say
That you take back all the mistakes
I guess I finally found myself today

Hey, there's just no better way
When there's nothing left to say
That you take back all the mistakes
I guess I finally found myself today

I think I finally
Found myself today
