Born for This

Looking back - in retrospect
It's funny how we've seen,
The laughs and frowns, the ups and downs,
It's a part of destiny.
Some wish upon a star and hopes one day that wish
comes true,
But I wouldn't change one simple thing the chance of
loving You!

Chorus:

Born for this, destined for greatness,
I was prepared for this;
Your Strength for my weakness,
I knew that loving you is easy
And learned with love that comes a risk
And in my quest to find the answer,
Found I was born for this.

What we don't know, time will tell.
This I do believe;
When a child is born the angels sing
In perfect harmony
That doesn't mean just happiness,
There's always room for rain.
But if we learn, what Autumn knows,
That Spring will come again!

Repeat Chorus

Bridge

There's a time to live and a time to die
So let's celebrate each moment of our life.
And if we ever lose our way, because the heart is torn
Never let it question why's the reason that we're
born.

Repeat Chorus
