(Written by Pedro Baby, Daniel Jobim)

So you've been gone
And I am alone
I miss you so
I miss you

And if you knew what I've been through
I love you so

Every day you've been away from me

So you've been gone
And I am alone
I love you so
I love you

And if you knew what I've been through
I miss you so
I miss you

Every moment
Every night away (from you)
Every day you've been away
Every day you've been away from me
From me...
