Oh, oh, oh, oh, oh, oh it all comes down to love
Oh, oh, oh, oh, oh

Talking heads talking to us on the television
Silver screen preachers, politicians
Say they got the answers first they wanna squeeze us
Send a little money where the tax is on Jesus
Fix it with the gram, fix it with a dollar
Anybody out there ever wanna halla?

Oh, oh, oh, oh, oh, oh it all comes down to love
Oh, oh, oh, oh, oh

Self-help guru's got a best seller
Talk show host gotta drag-queen bank teller
1-900 look into the crystal
the N.R.A. says you better buy a pistol
Made a little pill but it might cause cancer
just a cheap thrill when you're looking for the answer
Now tell them the answer..

Oh, oh, oh, oh, oh, oh it all comes down to love
Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh it all comes down to love
Oh, oh, oh, oh, oh
du du du du du du, it all comes down to love

Suits on Wall Street they make another million
Dealer on the backstreet talkin' to your children
They cry for help nobody listens
you lay awake at night wonderin' what's missing?
You can put an end to all the confusion
Open up your heart is the only solution....

Oh, oh, oh, oh, oh, oh it all comes down to love
Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh it all comes down to love
Oh, oh, oh, oh, oh

i said sing it up Jo'burg tell it in Soweto
singing in the gold mine and in the ghetto

the blood of hector pieterse cry for apartheid
tell it in Washington the dream will not die
Bishop Desmond Tutu, Nelson Mandela, Martin Luther
King
they only wanna tell you
they only wanna tell you

Oh, oh, oh, oh, oh, oh it all comes down to love
Oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh it all comes down to love
Oh, oh, oh, oh, oh

God loving us (echo)
us loving he (echo)
