We're the United States of America
Home of the free and the brave
Where we stand up and fight (Sing twice)
And close endure what is right
We're the United States of America

We're the United States of America
he flag that is red, white and blue
In harmony our voices ring (Sing twice)
As together we sing
e're the United States of America

We're the United States of America
And in God we trust to the end
What we say and what we know, (Sing twice)
We will pray our actions show
We're the United tates of America

We're the United States of America
Home of the free and the brave
Where we stand up and fight
And close endure what is right
We're the United States of America
