I just wanna know what your thinking
I've got a mission
it's all about a kiss

And i just wanna know if your feeling
better than dreaming
it's all about a kiss

now your infront of me
suddenly it's clear to see
it was you really you all along

blue skys and rainy days
etheir way it feels ok
cause starting now we're gunna share it all

I just wanna know what your thinking
I've got a mission
it's all about a kiss

And i just wanna know if your feeling
better than dreaming
it's all about a kiss

about a kiss, about a kiss, it's all about a kiss
about a kiss, about a kiss, it's all about a kiss

a kiss

it's all about a kiss

ohhhhhhhhhhhh

it's all about a kiss
