They must mean business  
To say there's nothing worse  
Then to let your precious love child  
Leave the planet first

'Cause, oh whoa whoa  
They've gotta just let her go

All the things that you swear you're gonna do  
Reservations on the next train to the moon  
Pack your things cause there ain't no time lose  
And all the things you never ...

So I think we're gonna have to record her  
Sometimes against her will  
We're gonna keep her alive with black and whites  
Colour moving and still

And then, oh whoa whoa  
We've gotta just let her go  
All the things that you swear you're gonna do  
Reservations on the next train to the moon  
Pack your things cause there ain't no time to lose

Let her go  
Let her go  
Let her go  
Let her go

All the things that you swear you're gonna do  
Reservations on the next train to the moon  
Pack your things cause there ain't no time to lose

All the things that you swear you're gonna do  
Reservations on the next train to the moon  
Pack your things cause there ain't no time to lose

No time to lose  
No time to lose  
No time to lose
