Well, it all comes down to the things  
That I never even wanted  
I should live my life without holdin' on to you

But it's hard to see the sky through the clouds  
When it's rainin'  
I know somewhere it's blue

Well, it all comes down to the love  
That was never really given  
I should've taken more than time to get the truth

And it's hard to believe  
That you couldn't recognize my tears  
I glued them on for you

Waiting to fall apart  
Waiting and it all comes down to you

When it all breaks down  
I won't be the one that's runnin'  
But under every rock and stone, I try to hide

And it's hard to believe  
That behind this smile there are tears  
I hold them all inside

Waiting to fall apart  
Waiting and it all comes down  
Waiting to fall apart  
Waiting and it all comes down to you

I hear you calling, I know that voice  
I hear you calling, I have no choice  
I hear you calling, I know that voice  
I hear you calling, waiting

Well, it all comes down to the things  
That I never even wanted  
And I should live my life without holdin' on to you

Well, it's hard to believe

That you couldn't recognize my tears  
I glued them on for you

Waiting to fall apart  
Waiting and it all comes down  
Waiting to fall apart  
Waiting and it all comes down

Waiting to fall apart  
Waiting and it all comes down  
Waiting to fall apart  
Waiting and it all comes down to you

Waiting  
Waiting  
Waiting
