If I could do anything for you
Believe me I would
Do you feel the same
Feel the same as me?

If I could be anyone for you
Believe me I would
I'm not ashamed
I'm not ashamed to be

Its hard for me to know
Sometimes I feel like letting go

But what if it all means something
What if it all?
What if it all means something
What if it all?

If I could go anywhere for you
Believe me I would
I'd run away, I'd run away
I'd leave

If I could fix everything for you
Believe me I would
Do you feel the same
Feel the same as me?

Its hard for me to know
Well maybe I should just let go

But what if it all means something
What if it all?
What if it all means something
What if it all?

What if it all means something
I wanna know, what if it all ?
What if it all means something
What if it all?

Leave me alone, I am falling apart

Leave me alone, I am falling

If I could do anything for you
Believe me I would
Do you feel the same
Feel the same as me?

Its hard for me to know
Well maybe I should just let go

But what if it all means something
What if it all?
What if it all means something
What if it all?

What if it all means something
I wanna know, what if it all?
What if it all means something
What if it all?

What if it all means something
I wanna know, what if it all?
What if it all means something
I wanna know, what if it all?
What if it all means something
I wanna know, what if it all?

What if it all means something
What if it all?
I know it all means something
