He keeps pushing  
Trying to persuade to give him something  
You know better, but you've done it before, so whatever  
You know it's gotta change, but you don't know the  
right way  
You know I'm here, and I'll help you find the words to  
say

You gotta tell him that it's never ever worked before  
You wanna wait, it's not too late, you can rest assured  
If he's the one for you he'll wait for you  
I gotta let you know

You're moving too fast to respect what he has  
Girlie gotta show him that you're made of class  
I told you before, he'll be out the door  
I gotta let you know

He's still asking, sweetie stay strong you owe him  
nothing  
Meet in the middle, so you give in just a little  
You know it's gotta change, but you don't know the  
right way  
You know I'm here, and I'll help you find the words to  
say

You gotta tell him that it's never ever worked before  
You wanna wait, it's not too late, you can rest assured  
If he's the one for you he'll wait for you  
I gotta let you know

You're moving too fast to respect what he has  
Girlie gotta show him that you're made of class  
I told you before, he'll be out the door  
I gotta let you know  
Don't know what you do, so I'm telling you  
He ain't workin' for it cause you give it up too soon  
He says I love you, but I love you too  
So I gotta let you know (gotta let you know)

You keep making the same mistakes, oh whoa  
But baby girl I feel your pain

Now it's time to do the right thing  
You keep making the same mistakes, oh whoa  
But baby girl make it special  
I gotta let you know

You're moving too fast to respect what he has  
Girlie gotta show him that you're made of class  
I told you before, he'll be out the door  
I gotta let you know (gotta let you know)  
Don't know what you do, (don't know) so I'm telling you  
He ain't workin' for it cause you give it up too soon  
(hey)  
He says I love you, but I love you too (I love you too)  
So I gotta let you know (gotta let you know)

You're moving too fast to respect what he has  
Girlie gotta show him that you're made of class  
I told you before, he'll be out the door  
I gotta let you know (gotta let you know)  
Don't know what you do, (don't know) so I'm telling you  
(don't know, don't know)  
He ain't workin' for it cause you give it up too soon  
(yeahh)  
He says I love you, but I love you too (I love you)  
So I gotta let you know (gotta let you know)
