You've been staring at me
So long, haven't you?

You've been waiting on me boy
Trying to get a lil bit closer

Walk by, or say Hi
Don't be afraid
Cause my attention, is on you
So heres what you gotta do:

Take my hand, & make a move!
(You can take a step,
I can take a step, to the right, to the left)
Put my hand behind your neck
Can you pull me closer?

You just take a breath
I just take a breath
Now I have something fast
This chemistry,
Is strong enough to make a move

I can't take my hands off you
I want you, and I can see that
You, can't take your hands off me
You want me, and you should know that

If you wanna go there
Boy I wanna go there
If you wanna go there
{You wanna?, I wanna? }
If you wanna go there
Boy I wanna go there
If you wanna go there...

I'd be right here waiting for you!

No Conversation, We don't even say a word
Just let it take us, I'm waiting here, what up with you?

You've been taking your time

Patient, Affection
I've been watching your eyes boy
Let me give you motivation

Walk by, or say Hi
Don't be afraid
Cause my attention, is on you
So heres what you gotta do:

Take my hand, & make a move!
(You can take a step,
I can take a step, to the right, to the left)
Put my hand behind your neck
Can you pull me closer?

You just take a breath
I just take a breath
Now I have something fast
This chemistry,
Is strong enough to make a move

I can't take my hands off you
I want you, and I can see that
You, can't take your hands off me
You want me, and you should know that

If you wanna go there
Boy I wanna go there
If you wanna go there
{You wanna?, I wanna? }
If you wanna go there
Boy I wanna go there
If you wanna go there...
I'd be right here waiting for you...
