Verse 1

Drive me insane the way you touch my body,
i like,
(spoken) I really like it baby.
Im so needin' to keep someone like you in my life,
(spoken) Yeah i do.

Bridge *

Baby it's so unfair, how you leave me wantin' needin'
you,
I, can't, pretend i got it bad.
No use in playin hard,
Im about to go and bust myself, out,
never did quite get enough. ohhhh

Chours **

Baby, drive me crazy
and i, really want you near me,
and i really really want you near me right now,
Hurry, im still waitin', cuz i really want you near me
and i really really want you near me right now.

Verse 2

You know just how to leave me wantin' you
do it right,
(spoken) you leave me wantin' you
Im missin' you two seconds after your out of sight,
ohhhhh

Bridge

Baby it's so unfair, how you leave me wantin' needin'
you,
I, can't, pretend i got it bad.
No use in playin hard,
Im about to go and bust myself, out,

never did quite get enough. ohhhh

Chorus

Baby, drive me crazy
and i, really want you near me,
and i really really want you near me right now,
Hurry, im still waitin', cuz i really want you near me
and i really really want you near me right now.

So amazin' i need you in my life
Im thinkin' 'bout you all the time need your body next to
mine.
So amazin' how you make me high
Fulfill all my fantasies, really want you near me baby

Chours **

Baby, drive me crazy
and i, really want you near me,
and i really really want you near me right now,
Hurry, im still waitin', cuz i really want you near me
and i really really want you near me right now.

Oh oh oh oh oh
oh oh oh oh oh

Really want you near me
and i really really want you near right now.

Oh oh oh oh oh
oh oh oh oh oh

Really want you near me
and i really really want you near right now.
