Oooh OH Ahhhh

Traxamillion

It's 4am and I'm cuddling all alone ...alone, alone, all alone.

Sitting here all by myself, thinkin bout what I once felt  
And the way my heart used to melt by your embrace.  
And baby you knew my day wasn't right after just sayin hi.

How do you do that? Thinkin bout all that you'd helped,  
You loved me more than yourself.

Wanna find a cutie for me, somebody that'll be like ya!  
He's gotta fit with me, mixed with your best qualities.  
I'll always love ya honey but somethin bout us wasn't right.

I want somebody like you in my life.

You started another fight... why do you do that?  
Bringin up stuff from the past when you said you forgave me  
For that ...and you know I can't take it back, can't take it back.

Baby, baby why you always bringin us down? If you really  
Forgave, you'd forget and it's causin me too much stress.  
I can't handle ittttttttt!

Wanna find a cutie for me, somebody that'll be like ya!  
He's gotta fit with me, mixed with your best qualities.  
I'll always love ya honey but somethin bout us wasn't right.

I want somebody like you in my life.  
[x2:] Wanna find somebody like you, never met  
somebody so true  
I want somebody like you in my life.

[TRAX:]

Baby girl, don't stop, shimi shimi coco pop. Jump off  
In my drop top, candy paint, lollipop! Stay clean, Depp  
fresh, step  
Right, step left - Shawty I'm a fresh breath (SECRET  
THAT WAS  
BEST KEPT). I ain't him, I'll make ya better. You stay  
home, I'll make  
The cheddar, you rock minks, I'll rock the leather. In  
G5's we'll fly girl.  
I'm your Xman plus more. Anything you lust for. No  
baby, no baby no  
-don't you go baby! Go baby go!

Wanna find a cutie for me, (somebody for me)  
Somebody that'll be like ya!  
He's gotta fit with me, mixed with your best qualities.  
(oh)  
I'll always love ya honey (I'll always love you)  
But somethin bout us wasn't right.  
I want somebody like you in my life.  
[x2:] Wanna find somebody like you, never met  
somebody so true  
(true true true true)  
I want somebody like you in my life.

Ohhhhhh
