Well I ain't been up to much since you've been gone
Just on a couch on the internet all alone
Dressing up and pretending that I'm going out
I'm in my best dress, gotta be the flyest around

So I'm not waiting for you (hey)
I'm sitting here, feeling so confused (hey)
And all that there is left to do
Is let you, DO YOU

You should stay gone... gone
I'm so used to you being gone (You should stay) gone
(Forget it)
Feels like you left, and gone away

The other day
When I stopped by the grocery store
I meet this guy, that I wouldn't mind getting to know
Dressing up... cause I'm going out with him tonight
So if you call, and get my voicemail, don't be surpriced
(Yeahh)

So I was all waiting for you
I'm sitting here feeling so confused

And all that there is left to do
Is let you, DO YOU

You should stay gone... gone
I'm so used to you being gone (You should stay) gone,
gone
Feels like you left, and gone away
Gone gone gone
I'm so used to you being gone
Feels like you left and gone away

Oh your kiss, and your touch is erased from my
memmory
Are you sure that you enjoy missing me?
Boy I'm not waiting for you anymore
Leave the key, there's the door, you should stay

Gone, gone gone, away
I'm so used to you being gone, you should stay gone,
gone gone away
Feels like you left and gone away
STAY, gone, gone, away

You should stay
Gone, gone, gone.
