Yeah, ooh, yeah

Heres another day  
When I'm stuck so far away  
But I'm still missing you

Wondering if I feel the same  
Going a little bit insane  
If it ain't the same for you

If you find it in your heart to  
Give me a little time  
Just wait and see  
Baby your win[? ]  
Just know I'll be waiting  
Baby you know my invitations always open to you

You keep on hesitating  
And I want u to be waiting  
But I hope when I come back you'll still be here

Cause if you want to be my man  
I just want you to understand  
That I hope when I come back you'll still be here

Now I'm a little bit confused  
Cause I ain't heard a word from you  
Then you call and say I miss you

And I'm a little bit relieved  
Cause it's exactly what I need  
Oh you make this so hard to do

If you find it in your heart to  
Give me a little time  
Just wait and see  
Baby you win[? ]  
Just know I'll be waiting  
Baby you know my invitations always open to you

You keep on hesitating

And I want u to be waiting  
But I hope when I come back you'll still be here

Cause if you want to be my man  
I just want you to understand  
That I hope when I come back you'll still be here

I'm standing[? ]  
Come be here with me  
Come and meet me in my dreams  
Where oceans apart  
That are holding my heart  
And I know this way that I can be missing you[? ]

[Chorus:]  
You keep on hesitating  
And I want u to be waiting  
But I hope when I come back you'll still be here

Cause if you want to be my man  
I just want you to understand  
That I hope when I come back you'll still be here

You keep on hesitating  
And I want u to be waiting  
But I hope when I come back you'll still be here

Cause if you want to be my man  
I just want you to understand  
That I hope when I come back you'll still be here
