It's cold here  
It's exactly what I've feared  
Guess the pamphlet didn't make it quite clear  
Cold stares, rainy days, cheap sex  
And every hipster trying to be hipper than the next  
All you can really do is try your best

But people here turn on a dime  
To suit thier needs at the time  
Crowd of faces, one of them mine  
That's fine

(Chorus)  
I'm alone, I'm alone  
But it's not so bad  
I'm alone and I'm all I have

You start to believe  
Start to wonder  
"Is it just me,  
Or is it this thing I clearly see?"

You can't hold respect  
When people don't care  
Not even the ones you expect  
It makes it that much harder to connect

It's not a big deal  
Just the way I feel  
But right now, I'm wishing  
My heart was made of steel

(Chorus)

No, I'm not Miss Frigging Hip  
No, I don't feel free  
Really that's all I wanna be  
I give myself  
And it's just not enough  
And boy, I can take a lotta shit  
But it's hard to be that tough

(Chorus)
