(Jester)

I used to drool on this bitch
But I realized I'm better
She left me with a rock
And took my heart
Now my brain is dust
Even that's better than my creatine

(Chaos)

I walk down the hall, I glance into their eyes
Only to realize there is nothing but lies
These idiots deserve an oscar for their performance
Doing whatever it takes to fit into the pack
Individuality is dead; murder is the case, but the killers
left no trace

(Jester + Chaos)

(Chorus)

1000 grams
1000 bodies
Too much to handle
Too much to mismantle
1000 spoons
1000 corpses
They made a chocie to release their individual voice
We spit our glorious verses while we rejoice

(Jester)

All I see is stupid faces
Just something to feed me
I pray every day on Creatine
Bulk me up
Turn my dust to brain again
So I can live my life as a sane man again

(Chaos)

5 grams by 5 grams, I bulk up
Everyday they keep the lies coming
It keeps building up until someone blows the fuck up
Seeing through my eyes, seeing the truth
See right through them, know what their eyes truly
mean

That is what keeps chaos flowing; they are my Creatine

(Jester + Chaos)

(Chorus)

1000 grams

1000 bodies

Too much to handle

Too much to mismantle

1000 spoons

1000 corpses

They made a chocie to release their individual voice

We spit our glorious verses while we rejoice

(Jester)

I feel like killing 'em

But I can't cause I'm eating 'em

I take what I get from 'em

And I spit these verses that's hurtin 'em

(Chaos)

Two roads; A million people

One easy; One hard

One short; One long

One will change you; One will be you

Chaos 'n' Jester took the less traveled by,

And now our spirits will never die.
