I see how you live  
You're so positive  
In your purpose, your being  
While I walk alone  
Lost in the unknown  
With nothing to hold onto

I can't help it  
I can't stop it  
This constant questioning  
Now I'm getting tired

SOOOOOO  
Are we reborn?  
Does life go on?  
Does this life go on?

Faith now fading for you  
So please renew

Evidence, you forgot to mention,  
Must exist If we are not to question  
This devotion  
2000 years, on and on and counting  
Falling tears, these questions still are mounting  
Why are we here?

Proclaim, insist  
The reason we exist  
Then leave us with no reason

The book I hold  
The stories that are told  
Cannot refute the sceptic

So I call your name  
I'm questioning these claims  
Please give me your rebuttal

Does life go on?  
When the bodies gone

At the ringing of the siren  
Hear the ringing of the siren  
At the ringing of the siren  
Hear the ringing of the siren

Are we reborn?  
Does life go on?  
Does this life go on?

Faith now fading for you  
So please renew  
No please renew
