You should know  
That it is not my intention  
To leave you alone  
But if you stay it's under false pretences

The faces that come  
The faces are blackened in me

Look to my past  
Into your future you will see  
Nothing can last  
So close to perfect I must leave

The faces that come  
The faces that blackened in me

It wasn't fair  
But that was not what I intended  
I had a duty of care  
And I let down those expectations

The faces that come  
The faces are blackened in me

Now I don't know where I'm going  
But I know that I can't stay  
As I pray upon your ashes  
Won't someone please save me

From my own hands  
When's this rescue gonna come?  
Can they stop me  
From destroying all that I love?

In familiar waters  
Lusting storm is blowing over  
Searching for sanctity  
Bound to walk this beaten path

Molded by fate  
Now cursed that I must plunder

Is it too late  
To break the spell that I've been under?

The faces that come  
The faces are blackened in me

Now I don't know where I'm going  
But I know that I can't stay  
As I pray upon your ashes  
Won't someone please save me

From my own hands  
When's this rescue gonna come?  
Can they stop me  
From destroying all that I love?

Save me from my own hands  
When's this rescue gonna come?  
Can they stop me  
From destroying all that I love?

Someone please save me  
Someone please save me  
Someone please save me  
Someone please save me
