Ready for the casket ride? Death-bound joyride

One way freedom-run, sorry-go-round!

Soulless man - dead and gone

Lying in his grave trip of death, endless night

Rotting under ground to cross the river of death

Spare a dime for the ferryman

Prepare thouself... For the casket ride!

Ok, this is your captain speaking..

Fasten your seatbelts..

And get ready for the

Ride of your life!!!

Casket ride!

Casket ride!

Casket ride!
