Welcome to your bloodred nightmare!

The spell must be broken reality's a dream
Reality's a life-long nightmare
And nothing as it seems

Rotting alive, ready to be reborn
Rotting alive, ready to be no more

The spell can't be broken this suffering is real
The demons are my life-long partners they
Live beneath my skin

Maggots crawling thru my living flesh
Take the blade and let 'em out!
Degenerating starts from mother's milk
You rat fuck you're all gonna die!!!

Die and die again!!!
