I broke down these walls, just to find an army on the  
other side  
Cleared away the skeletons, just to find out nothing  
really died  
Broke all these chains, just to find it was the only thing  
holding me up  
I thought I pulled all the triggers, but one was not  
enough  
Didn't see it coming  
I thought I had anything but this to fear  
Didn't see it coming  
The mistakes I've made have brought me here  
Didn't see it coming  
I never gave a shit about what you thought  
Didn't see it coming  
But now I've found a place to rot  
Took all these pills, but the memories are back in my  
head  
Blew out these ears, to forget everything you said  
Tore out these eyes, to forget your fucking face  
Now I'm back where I started, with no dreams left to  
chase
