Another beating in our scene
Don't need you, don't need you
So a crew can prove them selves supreme
Don't need you, don't need you
Kids are beaten to the ground
Don't need you, don't need you
You don't own this fucking town
Don't need you, don't need you
Shed the claim of a crew cuz we don't- DON'T NEED
YOU!
We'll fight to keep this place our home
Don't need you, don't need you
We know we will stand alone
Don't need you, don't need you
At shows we don't feel safe thats fine
Don't need you, don't need you
The war will be over in time
Don't need you, don't need you
