You want what's in my head  
You wanna tap my well  
You want the secret trick  
Behind my magic spell

You want my knowledge base  
Only without the sweat  
You wanna borrow me  
Except without the debt

You wanna reap rewards  
From my blood and tears  
You wanna take fruit from  
The crop that took me years

You wanna have it all  
Despite at my expense  
You wanna take my life  
Without the consequence

Everything I gave to you  
It saved you  
But it destroyed me

I despise  
Takers and the apathetic  
Cold-hearted under-educated  
And unsympathetic

I despise  
Self-fulfilling egocentrics  
Self-righteous shallow-minded  
Ignorant and phallocentric

You want the tricks  
Of the trade  
Without the lessons to learn  
You want my key to success  
For the success that I earned

You want me to give it up

So you can take it all home  
And pat yourself on the back  
While you get credit alone

If I gave you what you want  
Would you then bring me along?  
Could I stand up by your side?  
Would you consider that wrong?  
Would you give me any time  
After I gave you my all?  
Or would you just set me up  
In preparation to fall?

Every time I tried to make amends  
And try to be a friend  
You found a way to  
Take advantage of me

You simply used me for my energy  
You sucked the life out of me  
And to this day you deny and disagree

From here on out I'll only hang you up  
Maybe I'll bang you up  
And make you suffer  
For what you did to me

I hope you're happy with the  
Choice you made  
And the sick game that you played  
But I don't work for free
