I wanna drink til I puke my brain, don't wanna think, I'll
do anything
I can't afford coke so speed will do, and if... I'll sniff
some glue
Oh drink and drugs I love you

Jacking up Ajax, snorting them, it makes you sh*t and it
makes you real thin
Chasing the drag I've been chased by the law, I need a
man so I can score
Drink and drugs oh I love you

Oh drink and drugs, you're all I live for, oh drink and
drugs I'm your dirty stinking whore
I wanna drink til I puke my brain, I don't wanna think, I'll
do anything
I can't afford coke so speed will do, and if... I'll sniff
some glue
Oh I love you, drink and drugs
I love you, I love you

Jacking up Ajax, snorting them, it makes you sh*t and it
makes you thin
Chasing the drag I've been chased by the law, I need a
man so I can score
Drink and drugs, oh give me drink and drugs, oh I love
you

I want to snort you til you come outta my ears
I want to snort you cause you get rid of all my fears

F*ck you!
