He was a f\*cking little c\*nt, just a stinking little runt  
I see his kind is all the same, he only did it cause of  
fame, who?

Ian Stewart, Ian Stewart, Ian Stewart

He thought he had the suss, but he did not fool us  
We know he was just sick, he didn't even have a prick,  
who?

Ian Stewart, Ian Stewart, Ian Stewart

He would have been crucified, and that's why he never  
died

And now he rides again, will he ever get ahead? Never,  
ever, ever...

I thought that he was faking, but he was just money-  
making

You do not believe he was for real, or else he'd lose his  
cheap appeal

You can't judge a man by his smell, or the color of his  
face as well

Ian Stewart, Ian Stewart, Ian Stewart

On with a lovely performance, and when he pulls the  
trigger on the gun

That was just one reason, Ian Stewart's just a f\*ckin'  
wank
