you want what's in my head  
you wanna tap my well  
you want the secret trick  
behind my magic spell  
you want my knowledge base  
only without the sweat  
you wanna borrow me  
except without the jets  
you wanna reek rewards  
from my blood and tears  
you wanna take fruit from  
the crop that took me years  
you wanna have it all  
despite of my exspense  
you wanna take my life  
without the consequence

everything I gave to you  
it saved you  
but it destroyed me

I, despise, takers, and the apathetic cold hearted  
uneducated and unsympathetic

I, despise, Self-fullfilling egocentric self-rightious  
shallow minded ignorant and phallocentric

you want the tricks of the trade  
without the lessons you learned  
you want my key to success  
for the success that I earned  
you want me to give it up  
so you can take it all home  
and pat yourself on the back  
while you get credit alone  
if I gave you what you want  
would you then bring me along  
can I stand out by your side  
would you consider that wrong  
would you give me anytime  
after I gave you my all

or would you just set me up  
in preparation to fall

everything I gave to you  
it saved you  
but it destroyed me

I, despise, takers, and the apathetic cold hearted  
uneducated and unsympathetic

I, despise, Self-fullfilling egocentric self-rightious  
shallow minded ignorant and phallocentric

everytime I try to make amends  
I try to be a friend  
you found a way to take advantage of me  
you simply used me for my energy  
you sucked the life out of me  
and to this day you deny and disagree  
from here on out I'll only hang you up  
maybe I'll bang you up  
and make you suffer for what you did to me  
I hope your happy with the choice you made  
and thats the game that you played  
but I dont work for free

I, despise, takers, and the apathetic cold hearted  
uneducated and unsympathetic

I, despise, Self-fullfilling egocentric self-rightious  
shallow minded ignorant and phallocentric

you want what's in my head  
you wanna tap my well  
you want the secret trick  
behind my magic spell  
you want my knowledge base  
only without the sweat  
you wanna borrow me  
except without the jets  
you wanna reak rewards  
from my blood and tears  
you wanna take fruit from  
the crop that took me years  
you wanna have it all  
despite of my exspense  
you wanna take my life  
without the consequence

everything I gave to you  
it saved you

but it destroyed me

I, despise, takers, and the apathetic cold hearted  
uneducated and unsympathetic

I, despise, Self-fulfilling egocentric self-righteous  
shallow minded ignorant and phallogentric
