"Feelings Of Desperation"

Visit "[Feelings Of Desperation](#)" on MotoLyrics.com

There I stand, once again.
Im all alone.
There I stand, once again.
There is no place for me to call a home.

Ive got feelings of desperation, day after day.
I know that Im not perfect.
Who cares anyway?

There I stand never again.
What have I done?
There I stand never again.
I cant take back, my life is gone.

Ive got feelings of desperation, day after day.
I know that Im not perfect.

Who cares anyway?

Dont say that you want to help me.
Ill be gone and youll forget me.

Ive got feelings of desperation day after day.
I know that Im not perfect.
Who cares anyway?
Ive got feelings of desperation. (Im not happy, Im not healthy.)
Day after day. (Dont lie to me.)
I know that Im not perfect. (Youre not there, no one cares.)
Who cares anyway?
