You can say you love me

And I'll believe that's true

Trusting you is easy

'Cause I believe in you

There is nothing I would miss

As long as we're in love like this

CHORUS

All I have is all I need

And it all comes down to you and me

How far away this world becomes

In the harbor of each other's arms

I feel like I've known you forever and ever

Baby, that's how close we are

Right here with you is where my life has

come together

And where love has filled my heart

You know I'd go anywhere

As long as I have you to care

CHORUS

Ooh- and with the love you bring

I never want for anything

I found what I've been searching for in you

CHORUS
