The days are getting cold  
It's warm inside our homes  
Family drawing near  
Christmas time is here

Chorus:  
So I'll say "Merry Christmas"  
I'll wish peace to you  
I'll hope for the hopeless, your dreams come true  
And I'll pray for the laughter  
I'll sing through the tears  
I'll say Merry Christmas for all the world to hear

The smell of evergreen  
A wooden manger scene  
A starry night so clear  
Christmas time is here

Chorus

So for a moment now  
Let's lay our weapons down  
When our walls disappear  
Christmas time is here

Chorus (2x)
