Come along, I'll walk you through the world
And we will sing a different song, yeah
And all along you have been unfurled
But I will hold you from now on, yeah yeah

I saw the day, when you had lost your way
I saw the sun sinking low, yeah
I saw the night, remember how you cried
But don't you know you're not alone
You're not alone

'Cause I am in the sun, I am in the shade
I am in the light that love has made
I am in the cold, I am in the warm
I am in the center of your storm
I am in the fire, I am in the flood
I am in the marrow and the blood
When you cannot stand I am

Come with me, I'll take you to the sea
And it will be all beautiful, yeah
And all the water that covers everything
Cannot compare to my love, for you my love

'Cause I am in the sun, I am in the shade
I am in the light that love has made
I am in the cold, I am in the warm
I am in the center of your storm
I am in the fire, I am in the flood
I am in the marrow and the blood
When you cannot stand I am

When the light won't come
And when your breath is gone
When your hope is done
Just look at me, look at me

I am in the sun, I am in the shade
I am in the light that love has made
I am in the cold, I am in the warm
I am in the center of your storm
I am in the fire, I am in the flood

I am in the marrow and the blood
When you cannot stand

I am in the sun, I am in the shade
I am in the light that love has made
I am in the cold, I am in the warm
I am in the center of your storm
I am in the fire, I am in the flood
I am in the marrow and the blood
When you cannot stand I am
