It's on the tip of my heart, the words to say
But I fall apart and I walk away
There's an angry world pressed against my back
And at every turn I keep looking back

And I know you promise me
Love through eternity
So why can't I just hold on

I want to live, I want to love
But I'm afraid my simple faith will never be enough
I want to laugh, I want to be set free
And let you hold all that my soul has deep inside of me
But I don't know where to start, it's on the tip of my
heart

So would you take my hand because I'm sinking in
To this life I've made but don't understand
The clock moves so slowly but time goes so fast
In this whirlwind world that will never last

This love you're giving me
It's not just make believe
Help me just to hold one

I want to live, I want to love
But I'm afraid my simple faith will never be enough
I want to laugh, I want to be set free
And let you hold all that my soul has deep inside of me
But I don't know where to start, it's on the tip of my
heart

You open the sky, you open my eyes
And all my fears are scattered away
So I walk in grace because I've seen your face
You are all that matters to me

I'm gonna live, I'm gonna love
I'm not afraid because your grace will always be
enough
I'm gonna laugh, I'm gonna be set free
And let you hold all that my soul has deep inside of me

I'm gonna live, I'm gonna love
I'm not afraid because your grace will always be
enough
I'm gonna laugh, I'm gonna be set free
And let you hold all that my soul has deep inside of me
You have shown me where to start, it's on the tip of my
heart
