Dark comes to us,  
It's all we are,  
Lights is a game, that we play,  
But the night is all we are,  
It's all we are.

Night is scary, ever so scary,  
How to stop me falling asleep  
I'm so wary, ever so wary,  
How to stop me falling asleep.

Lights is a game, that we play,  
But the night is all we are,  
But the night is all we are,  
It's all we are.

Night is scary, ever so scary,  
How to stop me falling asleep  
I'm so wary, ever so wary,  
I'm getting worse,  
I've got a thirst.
