Who are you now that I know what you've done
Who am I now that they know what you've done
And I don't trust myself when it comes to vengeance
But I wish I saw the look on your face
Looking in the mirror I don't
I don't recognize my face

I wanna see you on the floor
I wanna see you on your knees
Don't wanna hear you cry for mercy
I wanna see you suffering
Now that your found, your found out
Who is standing by you now
That your found, that your found out
No one is standing by you now

Who is this boy staring back at me
Who is this girl with the smirk on her face
And I don't trust that this wont come back to haunt me
But I I like the look of terror on your face
You did this to yourself you know
Did you enjoy your reign

I wanna see you on the floor
I wanna see you on your knees
Don't wanna hear you cry for mercy
I wanna see you suffering
That your found, that found out
Who is standing by you now
That your found, that your found out
No one is standing by you now

Wish I could leave this alone
Wish I Could
But I don't

I wanna see you on you on the floor
I wanna see you on your knees
Don't wanna hear you cry for mercy
I wanna see you suffering
Now that your found, that your found out
Who is standing by you now

That your found, that your found out
No one is standing by you now
