[Verse]

Been hearin' the whispers
They're talkin' like we're over
Baby that's news to me (hmmm..)
Don't like what I'm hearin'
And i don't wanna listen
But are you through with me?

They say the best when someone else
Has been taken up your time
They say the best when someone else
Has been on your mind
Oh, won't you tell me what is real
Are they right, are you going to let me go
Let me know, let me know...

[Chorus]

Is there any truth to what they're talkin' 'bout?
Have I become the one that you have learned to live
without?
Are we over?
Is there any love for me left in your heart?
Have you become the one who's gonna rip my world
apart?
Are we over?

[Verse]

If you're hidin' something
I think that you should come clean
Tell me what's going on
Now am I just trippin'
Or is there something I'm missin'
Tell me is something wrong

'Coz all I hear is all the talk
That you got somebody new (somebody new)
Maybe I'm blind 'coz I
Don't wanna believe it's true
Won't you tell me what's the deal
Are they right, are we coming to an end
Don't pretend, don't pretend...

[Chorus]

Is there any truth to what they're talkin' 'bout?
Have i become the one that you have learned to live
without?
Are we over?
Is there any love for me left in your heart?
Have you become the one who's gonna rip my world
apart?
Are we over?

[Bridge]

If you're goin' to let me go (let me go ~)
Don't let me be the last to know
Have you found someone else (someone else)
Won't you tell (oh~) me now?

[Chorus]

Is there any truth to what they're talkin' about?
Have I become the one that you have learned to live
without?
Are we over? woaaaaah~
Is there any truth to what they're talkin' 'bout?
Have I become the one that you have learned to live
without?
Are we over? (are we over) yeah~
Is there any love for me left in your heart?
Have you become the one who's gonna rip my world
apart? (tell me ~)
Are we over?

Been hearing the whisper...
