Intro:

We've got a secret
Only you and I know
We've got a language
Only we can speak
I want you to be
Wherever I go
It keeps getting better everytime we meet

I feel it deep inside it can't be denied Oh

Chorus:

I knew the first time that we were together
I was born to love you forever
Nothing comes between us
No one will ever 'cause baby
I was born to love you forever

Ohhh

I feel it in my heart that it's destiny
Can tell when we kiss, by the way we touch
I made for you, You're made for me
I never dreamed that
I could feel this much

I feel it deep inside it can't be denied
Ohhh

(Repeat Chorus)

Bridge:

Because we're young
I know they doubt us
But they don't know the first thing about us
We close our eyes when we kiss
We never lose our innocence

I feel it deep inside it can't be denied Oh

(Repeat Chorus)

I was born to love you forever
