How will I know
Where I'm going now
This broken road
Is trying to tear me down
But deep inside I found
A sacred place
That I never knew
Where I feel safe when the road is untrue
Here's what I learned to do

[Chorus]
Just sing this song
And it takes me right back
Where I belong
And every day there's a new bridge to cross
But I'm never far from home
If I bring my heart, my soul, my own
In this song

No...
I don't depend on friends
Cause they come and go
My belief in myself
Is gonna carry me through
That's why I'm learning

[Pre-Chorus]
Oh...
I'm learning now
I'm ready to sing

[Chorus]
Just sing this song
And it takes me right back
Where I belong
And every day there's a new bridge to cross
But I'm never far from home
If I put my heart, my soul, my own

[Bridge]
I may not have
All the words

That I need to say and
Though I won't always be strong
But I'm never afraid
Cause I hold my destiny, it depends on me
Alone, alone...

[Chorus]

So, just sing this song
And it takes me right back
Where I belong
And every day there's a new bridge to cross
But I'm never far from home
If I give it my heart, my soul, my own
I keep giving my heart, my soul, my own
In this song
