Feel it Now  
This Love in my Heart  
Its easy to start  
A simple song  
Feel it Now  
It's coming from above  
Bursting from inside out  
All this LOVE and...

Wow!, feeling's so Fine  
It's Time to Shine  
All my dreams coming true  
For me and you  
Experience Life!  
Let's sing and Shout  
This feeling baby right now!

Chorus:  
Life is... Wow ... Wow... Wow  
Feel it right now...now... now...  
Life is... Wow ... Wow... Wow  
Sing it right now...now... na-na-now...!

I share the Love with All of You  
We simply know the Feeling  
My feelings for all of you  
More than what, we've imagined to be  
We'll follow the Voice  
And then we'll see!

Feels so Fine  
It's Time to Shine  
All our dreams coming true  
For me and you  
Experience Life!  
Let's sing and Shout...!  
This Feeling baby right now.
