Louder, louder, louder, louder

I'm staring out of my window  
And the rain is pouring down  
When you left I was so low  
But I'm not gonna drown

I don't need no shoulder  
I'm gonna be a soldier  
I just wanna feel something  
I don't understand

I'm just gonna run right through the rain  
I'm just gonna dance right through the pain  
I just wanna feel that rhythm, feel that drum  
Let my heart beat louder

Let my heart speak louder than my head  
Head, head, head  
Heart beat louder than my head  
Head, head, head

Heart speak louder  
Wanna feel that rhythm, feel that drum  
Let my heart beat louder  
Let my heart speak louder than my head

I, I am over, over thinking  
Of how to get you back  
I'm checking out for the weekend  
And I ain't going back

I don't need no shoulder  
I'm gonna be a soldier  
I just wanna feel something  
I don't understand

I'm just gonna run right through the rain  
I'm just gonna dance right through the pain  
I just wanna feel that rhythm, feel that drum  
Let my heart beat louder

Let my heart speak louder than my head  
Head, head, head  
Heart beat louder than my head  
Head, head, head

Heart speak louder  
Wanna feel that rhythm, feel that drum  
Let my heart beat louder  
Let my heart speak louder than my head

Oh, letting go  
Yet it feel so good, so right  
Oh, all I know is that

I let my heart beat, heart speak louder than my, louder  
than my  
Heart beat, heart speak louder than my, louder than  
my  
Heart beat, heart speak louder than my, louder than  
my  
Louder, louder, louder, louder

I'm just gonna run right through the rain  
I'm just gonna dance right through the pain  
I just wanna feel that rhythm, feel that drum  
Let my heart beat louder

Let my heart speak louder than my head  
Head, head, head  
Heart beat louder than my head  
Head, head, head

Heart speak louder  
Wanna feel that rhythm, feel that drum  
Let my heart beat louder  
Let my heart speak louder than my head
