## "Nothing"

Ooo yeah oh oh  
Oh oh oh oh  
I thought I'd shiver  
I thought I'd weaken  
When you asked me to meet up again  
I was so sure that  
In one second  
All my emotions would rush back in  
You cut so deep  
Couldn't see myself moving on without you

I never thought I'd break free  
I always thought you'd be part of me  
And nothing could change that  
I didnt dare to believe  
That I'd recover you leaving me  
And you couldn't change that  
Over I thought I would cry  
I spin over but I'm more than alright  
I never thought seeing you again  
Would make me feel  
Nothing, nothing, nothing  
It feels so good to feel  
Nothing, nothing, nothing

Did you imagine  
I'd be on fire  
To feel you touch me and say my name  
(ooo say my name)  
To hear you say it  
You wanna start over  
I admit thought I'd feel the same (feel the same)  
I hate to break it to you now  
I moved on without you

I never thought I'd break free  
I always thought you'd be part of me  
And nothing could change that  
I didnt dare to believe  
That I'd recover you leaving me

And you couldn't change that  
Over I thought I would cry  
I spin over but I'm more than alright  
I never thought seeing you again  
Would make me feel  
Nothing, nothing, nothing  
It feels so good to feel  
Nothing, nothing, nothing

How can nothing feel so good  
How can nothing feel so right  
How can something be so completely gone  
That was my whole life (ooooooooo)  
I feel nothing at all [x3]  
I feel nothing

I never thought I'd break free  
I always thought you'd be part of me  
And nothing could change that  
I didnt dare to believe  
That I'd recover you leaving me  
And you couldn't change that  
Over I thought I would cry (thought I would cry)  
I spin over but I'm more than alright  
I never thought  
Seeing you again would make me feel  
Nothing, nothing, nothing  
It feels so good to feel  
Nothing, nothing, nothing  
Nothing, nothing, nothing  
Nothing, nothing, nothing  
It feels so good to feel  
Nothing, nothing, nothing
