Ooh yeah woahhhh

My pulse is getting fast  
My heart is gonna crash  
Hey I got something to say to you  
We've been on overdrive  
Maybe we should take some time apart

I'm always on the road and putting on a show  
I know you're really trying to keep up with me  
Baby we're compatible  
But you must be sick of all the bull  
I pull on you

Now I'm having second thoughts about us  
I think I like it like it was  
I know I shut the system down  
But now I wanna bring it back up

We need to reset don't wanna regret  
Not making up with you  
You and I fading from the screen  
Can we prevent a freeze  
We're losing power and we're spinning down  
Suddenly back up dedicated now  
We crashed but we can turn it  
Around (and 'round and 'round)  
After a reset

'Ey start it up again yeah oh ~  
Start it up wooaah ~

I'm tired of the nights without you by my side  
We only seem to text and email  
So you come on the road  
Maybe we don't have to fall apart  
It's working for a while  
But I see through your smile  
This isn't the life you signed up for  
You tell me It'll be okay  
As you board a different plane back to where you were

Now are you having second thoughts about us  
I know that I'm still in love  
I know I shut the system down  
But don't you wanna bring it back up

We need to reset don't wanna regret  
Not making it up with you  
You and I fading from the screen  
Can we prevent a freeze  
We're losing power and we're spinning down  
Suddenly back up dedicated now

We crashed ~ but we can turn it around  
After a reset ~

[Rap]

Hey hey! Pakinggan mo naman ako (Hey hey! Please  
listen to me)  
Hey hey! I think this is the way na dapat gawin (Hey  
hey! I think this is the way it should be done)  
Reset! Sana naman ika'y sang-ayon din (Reset! I hope  
you'll also agree)  
To all the things that I'm gonna say  
I wish ika'y pumayag din (I wish you'll agree)  
Mag-aagree ka ba? (Will you say yes?)  
If I tell you that "Magsimula tayo para tayo'y sobrang  
happy na" (If I tell you that "Let's start all over again so  
we can be happy")  
We should reset all this  
Ibalik ang nakaraan (Let's turn back the time)

Start it up  
Start it up  
Oh baby  
Start it up again  
Ohhh  
Start it up  
Start it up

We need a reset (reset~)  
Don't wanna regret  
Not making up with you  
You and I fading from the screen  
Can we prevent a freeze (Can we prevent a freeze~)  
We're losing power and we're spinning down  
Suddenly back up dedicated now  
We crashed (We crashed ~) but we can turn it around  
~ (and 'round and 'round)

We need a reset (oh ~ ) don't wanna regret

Not making up with you (making up with you)  
You and I fading from the screen (fading ~ from the  
screen)  
Can we prevent a freeze  
We're losing power (we're losing power, we're losing  
power) and we're spinning down  
Suddenly back up dedicated now  
We crashed but we can turn it around ~  
After a reset

Start it up again ~  
Start it up  
Start it up

hmmm...

Don't want to fall..apart...again ~
