If theres a time  
When the tears you fill your eyes  
And you can't surpass the shadows  
To the sun on the other side  
Don't despair because there always will be someone  
there  
Don't lose faith  
Love will let you lose your way  
because you, you'll never stand alone  
I'll be standing by, I'll get you from the cold  
I'll hold you when you cry  
I'll be there to be strong when you can't find the  
strength inside  
And you, you'll always have a home  
in these arms of mine, you'll never stand alone  
Love will stand by  
If there's a day, when the rain should find your heart  
And your cold and tired and lonely  
And this world has you in the tie  
Don't be scared  
You can just reach for me and I'll be there  
Don't lose hope, love will deeper you know because  
You, You'll never stand alone  
I'll be standing by  
I'll keep you from the cold  
I'll hold you when you cry  
I'll be there to be strong when you can't find the  
strength inside  
And you, you'll always have a home  
in these arms of mine, you'll never stand alone  
Love will stand you by  
Standing by to let you up  
All the heavy pain, oohh yeahhhh

No no no noooooo  
Standing by to carry you through all the tears and rain  
When you reach for me  
Oh reach for me yeaaahhhh  
See I'll be the one to hold you  
The one to show you, to carry youuuuu  
(you'll never stand alone)  
Oooohhhh.....

(you'll never stand alone, i'll be standing by) I'll be  
standing up  
(i'll give you all the hope) I'll give you all the hope  
(i'll hold you when your down) I'll hold you when your  
down  
(I'll be there to be strong) when you can't (find strength  
inside)  
Nooooo (and you), (you'll always have a heart) you'll  
always have a heart (in these arms of mine) in these  
arms of mine  
(You'll never stand alone)  
Never never never  
go stand in mine  
(you'll never stand alone, I'll be standing by, I'll get you  
from the cold, I'll hold you when you cry) I'll hold you  
when you cry  
(I'll be there to be strong) when you can't find strength  
inside  
(And you) and you (you'll always have a heart) you'll  
always have a heart  
(in these arms of mine) in these arms of mine  
(Never stand alone)  
Never never never
