When my white shirt lets me down  
Like one we race against the wind  
You said that I've seen better days  
I wash her silver hair away

Chorus

I'm going to be  
(I'm going to be)  
In heaven when you say  
(In heaven when you say)  
I'm too young to waste to ever be denied  
(You're too young)  
She laughed and then she died

Heard you said to me today  
You're safe but you're so far away  
You're beautiful how could you be so green  
Tomorrow it holds the cause again

Chorus

And someone said to me  
You've taken this too far  
But I can't be asked to change  
You're so vain  
You're open all day  
I'm glad I got it sorted now

Heard you said to me today  
You're safe but you're so far away  
Cos' I'm beautiful how could you be so green  
Tomorrow it holds the cause again  
Again, again, again

Chorus
